Braeden Obholz | Full Stack Software Engineer

Skills
Languages - JavaScript, HTML, CSS, Python, SQL, Mongo, JSON, React
Database - PostgreSQL, MongoDB
Libraries and Frameworks - React (class based and hooks), Express.js, Django, Jquery, Bootstrap

Software Development Projects

Project Name - Short description of project here (that a non-tech recruiter can understand)
- Utilized a MERN stack (MongoDB, Express, React.js, Node.js) to build a full stack application in 2 days. With full create, read, update, delete (CRUD) operations hitting all RESTful API calls.
- Created an application with a mobile-first approach and styled using Styled-Components and CSS3 with flexbox layouts.
- Used Google Maps API and Geolocation API to find locations searched and location of the user, and Geocode API to translate **the** latitude and longitude of new locations added by the user.

Project Name - Short description of project here (that a non-tech recruiter can understand)
- Made RESTful API fetch calls **to** an Express, MongoDB, Node.js backend handling all create, read, update, delete (CRUD) operations, and tested all backend routes during development using Postman.
- Used Mongoose to define schemas for MongoDB collections.
- Implemented ES6 tagged template literals with Styled-Components along CSS3 to provide style and flexbox layout

Project Name - Online random card generation application
- Leveraged embedded Javascript, Vanilla Javascript, CSS3, HTML5, with partials to organize and display the visual aspects
- Wireframed and planned UI design of application using Sketch, and created a database of images using PhotoShop.
- Utilized Git control during the production of the application with frequent commits until deployment.
- Tested API routes using Postman to ensure functionality during production.
- Implemented Javascript methods and functions in order to utilize an Express, MongoDB, and Node.js backend creating a representational state transfer(REST)ful application program interface(API).

Professional Experience

CNA/Nurse Assistant | CBaylor Scott & White | Dallas, Texas   April 2020 - Current Still Employed
- Lorem ipsum dolor sit amet, consectetur adipiscing elit.
- Aenean ac interdum nisi. Sed in consequat mi.
- Sed in consequat mi, sed pulvinar lacinia felis eu finibus.

Education

General Assembly | Remote | Software Engineering Immersive   Sept - Dec, 2022
Additional School | Dallas, Texas   DATE of graduation (optional)
